

ÚZEMNÝ PLÁN OBCE
BYSTRÍČKA

Legend table with two columns: STAV (Current) and NÁVRH (Proposed). It lists various infrastructure elements and their regulatory status, such as boundaries, roads, green spaces, and protected areas.

Summary tables for regulatory measures and public infrastructure. The first table lists measures for specific localities (e.g., 1-BI-01, 1-BI-02). The second table lists public infrastructure projects (e.g., Rozšírenie cintorína, Rekonštrukcia jstávby). The third table lists regional biocenters (e.g., RBc1 - Lúčanská Fatra).

Summary tables for public infrastructure and localities. The first table lists infrastructure projects (e.g., Stavby pre občianske vybavenie, Dopravné stavby). The second table lists localities (e.g., lokalita č. 3 a 4, lokalita č. 1 Lásky).

Project information table. It includes the scale (1:10,000), the name of the project (Územný plán obce Bystríčka - zmeny a doplnky č.3), the author (Ing. arch. Marián Pivarčí), and the date (2019).
